

## TRAINING NEEDS FOR INDEPENDENT PROVIDERS

### For HPC Services:

- If you pass medication then you need to be certified in Medication Administration. The initial is a 14 hour course and you need a two hour update once a year.
- CPR needs to remain current. This is usually good for two years but sometimes only good for one so just watch your card for the expiration date. If you take it at Riverside it is always good for two years.
- First Aid needs to remain current. This is good for two or three years so you will have to watch your card. If you take it at Riverside it is good for two years.
- MUI Training must be completed annually.
- Client's Rights must be completed annually.
- If you have a person with a behavior support plan, you must be trained on that annually.
- Roles and Responsibilities training completed annually – available at [www.westcondd.org/training](http://www.westcondd.org/training)
- Person Centered Planning completed annually
- Overview of providing behavior supports annually

### For Transportation Services:

- Valid driver's license
- Auto insurance
- Information about individual in vehicle in case accident happens.
- Vehicle must appear safe.
