	November 2016-May 2017	June 1, 2017 ongoing	October 31, 2017 ongoing
Citations	No citations unless action/activity would also have been a violation of previous rules	Citations when there is substantial non-compliance	Citations when there is substantial non-compliance
Annual Reviews/Renewals of Plans	Encouraged to follow new rule. Funding: As long as the plan indicates the types of service authorized and the provider submits a claim for those services that does not exceed the authorized amount, payment will be provided, even if the ISP doesn't include person-centered outcomes that coincide with the service definition.	At the time of <u>annual review</u> , plans must be updated. Funding: As long as the plan indicates the types of service authorized and the provider submits a claim for those services that does not exceed the authorized amount, payment will be provided, even if the ISP doesn't include person-centered outcomes that coincide with the service definition. It is expected at the time of annual review, plans will be updated.	ALL PLANS SHOULD BE IN COMPLIANCE
New Plans	Encouraged to follow new rule Funding: Plans are encouraged to follow new rule to ensure person-centered outcomes coincide with the new service definition	Should be in compliance with new rule Funding: Plans should be in compliance with new rule to ensure person-centered outcomes coincide with the new service definition.	

Special Note:

- Amendment pending with CMS
- Proposed effective date is November 1, 2016
- It is not necessary to update all CPTs. CPTs only need updated in the following scenarios
 - The community integration add-on needs added to a person's plan
 - Insufficient costs/units exist in the current CPT to cover the cost of medical/behavior add-ons or additional days of service approved by the board
 - Career planning needs added
 - The person has Supported Employment-Community, Supported Employment-Enclave, or Integrated Employment services authorized
 - These services will need to be end-dated as of 10/31/16 with a new authorization for Individual Employment Supports, Career Planning and/or Group Employment Supports.
